Special Features ① If you're looking for international designer labels, nearby Cheongdam-dong is the place to visit. Seoul's four most luxurious department stores are also nearby. Only 10 minutes away is the Coex convention center complex which includes both the Korea World Trade Center and a casino. ② The Ritz Carlton Seoul is easily accessible in a variety of ways including taxi, private car and bus. We also recommend utilizing Seoul's clean and efficient subways. Gangnam subway station, on Line 2, is only a three minute car trip or an easy eight minute walk. As of July 2009, with the opening of the Line 9 subway, the hotel's lobby will have direct subway access ③ From Gimpo International Airport it is only a 30 minute trip on Line 9 making staying at the Ritz-Carlton Seoul an obvious choice for international guests.
